

Stand Alone Electronic Access Control

ASSA ABLOY, the global leader
in door opening solutions

Stand Alone Electronic Access Control

HI-O TECHNOLOGY®

Hi-O R10 iCLASS reader

Hi-O Single Door controller

Hi-O ES2000 Series Strike

The Lockwood stand alone electronic access control system is based on the Hi-O technology platform & provides advanced functionality with seamless plug and play installation.

The system is supplied in a kit form and includes all necessary electronic components & software to install one access control door.

Installation is a breeze as there is no termination or soldering of any wiring due to the plug and play capabilities of the Hi-O platform. Therefore the set up can be achieved with minimal knowledge of access control or electrical installations.

Configuration of the system is even easier with the Lockwood Stand Alone software package. Adding or deleting users is as simple as the click of a button, and audit trails can be viewed at any time via a simple USB connection to the PC.
