Local to North Rocks

Dr Lock is not just another locksmith company advertising in your area; we are truly local. Based near North Rocks in neighbouring suburbs such as Carlingford and North Parramatta, our locksmiths are just minutes away. This proximity allows us to offer quick response times and better availability compared to many others who may be based much further out but advertise as being "local."

Our vans are on the road daily, attending to clients in North Rocks and surrounding suburbs. Because we are close by, we can usually attend most jobs within 30 to 60 minutes, making us one of the fastest locksmith services in the region.

Trusted Experience

Dr Lock has been servicing the North Rocks area and greater Sydney for over 20 years. Our locksmiths undergo formal training, apprenticeships, and hold security licences issued by the Security Licensing & Enforcement Directorate (SLED) of NSW. We have thousands of satisfied clients, and much of our business comes from repeat customers and word-of-mouth referrals. When you choose Dr Lock, you're choosing a company that your neighbours already trust.
